

Anteneh Yehalem Tegegne

Email: anteneh.yehalem@bdu.edu.et || artificialintel02@gmail.com

Google Scholar: see my [Google Scholar](#)

Research Interest and Experience

- Multi-modal data processing, Computer Vision, Data science, NLP, Low-cost AI, Modular deep learning, Multi-Agent AI Systems Development, Fine-tuning Large Language Models

Education

2022 – 2024 ■ **M.Sc. in Artificial Intelligence and Data Science**, *Bahir Dar Institute of Technology*, Ethiopia

- Focus on artificial intelligence, Computer vision, data science, and autonomous systems
- Master's thesis: “*End-to-End Continuous Ethiopia Sign Language Recognition.*”
- Supervision: Million Meshesha
- Results published at [ICT4DA2025](#) as a **full conference paper**

2017 – 2021 ■ **B.Sc. in Computer Science**, *Debre Tabor University*, Ethiopia

- Focus on Coding, Computer science theory, and software development.
- Bachelor's thesis: “*Web-based Patient Information Management System for Debre Tabor Hospital.*”

Work Experience

Jan 2024 – ■ **Lecturer, Researcher, Department of Data Science**, Bahir Dar University, Ethiopia

- Coordinating and working with a research team
- Research in the area of Computer Vision and NLP
- Teaching experience: Deep Learning, Machine Learning, and Data Visualization

July 2025 – now ■ **Data Science and Analytics Bootcamp Trainer**, Baacumen(Remote) Seattle, Washington, United States

- Teaching experience: Deep Learning, Machine Learning, and Python.

Nov 2024 – Jan 2025 ■ **Machine Learning Engineer** Afriwork Company(Remote)

- Build Several Deep Learning and ML-driven projects focused on real-world applications.

Research Publications ([Google Scholar](#))

- 1 **Anteneh Yehalem Tegegne**, Million Meshesha, Birhanu Hailu Belay, Yohannes Ayana Ejigu, Surafel Amsalu Tadesse, and Adane Kassie Chekol. [End-To-End Continuous Ethiopian Sign Language Recognition](#). *7th International Conference on Information and Communication Technology for Development for Africa (ICT4DA-2025)*. IEEE
- 2 Yohannes Ayana Ejigu; Tesfa Tegegne Asfaw; Surafel Amsalu Tadesse; **Anteneh Yehalem Tegegne**; Adane Kassie Chekol. [A Noise-Robust End-to-End Framework for Amharic Speech Recognition](#). *7th International Conference on Information and Communication Technology for Development for Africa (ICT4DA-2025)*. IEEE.
- 3 Adane Kasie Chekole; Tesfahun Nurrie Mengestie; Belayneh Teshome Kebie; Yohannes Ayana Ejigu; Kelemework Kindie Moges; **Anteneh Yehalem Tegegne**. [Utilizing Morpheme-Based Translation Units to Enhance Bidirectional Amharic-Khimtagne Machine Translation with Deep Learning](#). *7th International Conference on Information and Communication Technology for Development for Africa (ICT4DA-2025)*. IEEE
- 3 Yohannes Ayana Ejigu, Surafel Amsalu Tadesse, Tesfa Tegegne Asfaw, **Anteneh Yehalem Tegegne**, Abebe Dessie Alamnie, Adane Kassie Chekol: [Epileptic Seizure Detection Using Deep CNNs with Spectral and Complexity Features from EEG Signals](#) [Accepted for publication in the conference proceedings]

Ongoing Publication and Project

- Development of a Model for the Prediction of Road Crash Severity Using Artificial Neural Networks: A Case Study of Bahir Dar City [Ongoing **Publication**].
- Image-Based Deep Learning Model for Early Detection and Classification of Coffee Leaf Disease in Amhara Region [**ongoing Publication**]
- NeuroScanAI: Deep Learning for Automated Brain Tumor Classification [**ongoing Publication**]
- Facial Emotion-Driven Music Recommendation [**ongoing Publication**]
- Breast Cancer Prediction Using Machine Learning Approach [Completed Project]
- End-to-End Continuous Ethiopia Sign Language Recognition [Completed Project]
- Developing Amharic Sign Language Recognition Model for Amharic Characters Using Deep Learning Approach [Completed Project]
- Named Entity Recognition for Amharic Characters [Completed Project]
- Part of Speech for Amharic Character using Machine Learning Approach [Completed Project]
- Online Hospital Management System (PHP) [Completed Project]

Skills

- | | |
|---------------|----------------------------------|
| Languages | ■ Fluent in English and Amharic. |
| DL Frameworks | ■ PyTorch, Keras |

Programming ■ Python, C++
Software Dev ■ GitHub, VS Code,
Operating Systems. ■ Linux and Windows

Miscellaneous

Scholarships

Nov 2022 – July 2024 ■ MSc, Scholarship by Bahir Dar University, Ethiopia

Conference and school's (winter and Summer)

Conference

- 7th International Conference on Information and Communication Technology for Development for Africa (ICT4DA2025)
- Deep Learning Indaba 2025
- 13th Annual Conference on Recent Trends in Scientific Research, Bahir Dar University

Winter and summer schools

- Middle East and North Africa Machine Learning (MENA ML) Winter School 2025, Qatar.
- 13th Data Science Africa (DSA) Summer School and Workshop, Ibadan, Nigeria

Reviewer

- conference on Human-Computer Interaction (CHI 2026) - poster session Review
- Judge, Indaba Ideathon Project Competition 2024
- Reviewer – African Conference on Computer Vision Summer School (ACVSS 2025),
- Organizing Committee Member – 13th Annual Conference on Recent Trends in Scientific Research, Bahir Dar University

References

Million Meshesha (PhD)

Associate Professor at Addis Ababa University

Address: million.meshesha@aau.edu.et

Birhanu Hailu (PhD)

Research Data Scientist at [University of Alabama at Birmingham](https://www.uab.edu/), USA

Address: bhbelay@uab.edu
